**Subject:** BIG DISCOUNTED RADIO CONTROL ESTATE SALE IN ROSEBURG

HELLO RADIO CONTROL ENTHUSIASTS! There is a BIG sale coming at HUGE discounts. On February 22, 2014 at 10:00 am the Umpqua Valley Modelers will offer the R/C holdings of David Olson for sale. As many know David Olson has been a major player in R/C but recently he decided to get out of miniature aircraft to pursue his full-size aircraft program. He has allowed the club to purchase his entire inventory estimated to be about \$10,000 market value at liquidation prices. As a service to fellow hobbyists, Umpqua valley Modelers has elected to pass through this windfall to fellow modelers at a fraction of what it is worth.

The offering includes various 72 mh aircraft and radios and two and four cycle engines, aircraft components, flight pack components and gear. Two exceptions include an electric Sig Senorita, complete with radio and equipment ready to walk outside and fly. There is even an R/C sailboat, also complete with radio and ready to go and there are a couple of fuel burning heli's. There are boxes and boxes of servos, props, retracts, receivers, batteries, you name it and many are new in the package. The gem of the show is a huge, yellow, beautiful, scale Taylorcraft all built and finished with a Saito 120 engine installed and a 6 channel Futaba radio all ready to take out to the field. This combo unit is priced at \$400 complete and we are expecting demand to be high so it will be sold at that price by drawing names out of a hat, so get there early and get your name in that hat! This is not an auction. Everything is firmly priced, but priced at a fraction of retail. To be fair, nobody will be allowed to buy anything until 10:00 the 22<sup>nd</sup> and then, except for the Taylorcraft, the first to grab it gets to buy it. The sale will close at 6:00 on Saturday the 22<sup>nd</sup>, but will open again on Sunday the 23<sup>rd</sup> from 10:00 am until 3:00 pm. Sunday is the "Let's Make a Deal Day. We hate to clean up or store stuff so we expect everything to be gone when we close the doors at 3:00. Here are the directions to the sale:

**LOCATION: Highlands at Vista Ridge Clubhouse, 237 Highland Vista Ln, Roseburg**

Take I-5 to the wildlife Safari Exit 119

West on Hwy 42 to Roberts Creek Rd

Left on Roberts Creek Rd. to Brittney

Right on Brittney to end of the road.

Turn left onto Highland Vista Drive

Pass through gate and immediately turn right

Follow the street up and around to the left and pull into the clubhouse parking lot at the end.
